Local Option Vote In Offing For Canyon

At Tanglewood

Family-Type Town Voted

Tanglewood aldermen voted to keep the newly-formed village a "family-type resort area" by tentatively adopting new zoning ordinances Tuesday night.

A public hearing on the ordinances will be at 7 p.m. July 20 in the Tanglewood clubhouse.

The ordinances will keep the village zoned about the same way it presently is zoned.

Three classifications of zones will be used for property and construction.

Zone A will be used for permanent, single-family residences around the lake, cliffs and hills.

Zone B will be used for commercial establishments, service and recreational buildings and includes the areas where the clubhouse and related facilities, shop building, parking area and golf course are presently located.

Zone C will be the "dump

ground" and includes trash, refuse and garbage dumping areas now being used at the northeast section of the village limits.

No mobile homes or trailer courts would be permitted within the village limits, but a village resident with a permanent home there could park his trailer on his property.

If passed, the zoning ordinances would set fines of up to \$100 for each violation. Each day of violation would be defined as a separate offense, and civil proceedings injunctions would be used against offenders, according to Mayor James "Doc" Potts.

Chairman of the Public Health and Sanitation Committee should also regulate installation of sewage facilities and septic tanks installed with new houses in the village.

Tom Badrow, chairman of the Building Permits Committee, said he has issued three new permits: one for a house, and two for improvements.

Marshall John Currie swore in two deputies, Nelson Cash and O.E. "Buddy" Owens after they were approved by the aldermen.

Machinery designed to bring about a wet and dry election for Randall County Justice of the Peace Precinct 1 which includes Canyon began moving this week.

Omer "Yank" Mainville said he picked up an application last Thursday at the county clerk's office for a petition to call the election.

He said he already has the 10 names needed to get the petition itself and that it would begin circulating by the first of next week.

Mainville was given the second such application to be issued by the clerk's office in the past month.

The first was issued to Jess and Dorothy Meehan who operate the Personality House in South Amarillo on Western. The Meehans hope to call an election in Justice Precinct 4.

If the elections come off — and they could simultaneously — they would be the first ballots on liquor in the county since repeal of the Eighteenth Amendment.

Also the elections probably would see the first ballots in the county cast by voters under 21 years of age.

County Clerk LeRoy Hutton received instructions only Tuesday to permit these young voters to cast ballots in all elections provided they are legally registered. Until now they were allowed to vote only in national elections.

"This is to formally notify you that persons 18, 19 and 20 years of age who are presently registered to vote in federal elections only may now vote in all elections in your county and in other political subdivisions," Texas Secretary of State Martin Dies Jr., wrote to Hutton.

Mrs. Audrey Bruse, tax assessor-collector, said there are about 400 such voters in the county at the present time.

Mainville is a past commander of the VFW post here but says his interest in a wet and dry election has nothing to do with the veterans organization.

"I talked to a lot of people and they think it is about time for this part of the county to go wet," Mainville declared. "Why not keep the money here that's been going to Amarillo."

"I just hope people realize how much money has been going to Amarillo. . . a lot of Canyon people drink."

"They go to Amarillo and get a brew and then they get on the highway. And then what happens?"

"This might keep them off the highway."

Mainville said he already has enough names on the application to get a petition and that the petition will be circulating by Monday. He noted that the law allows him 30 days to get the required 894 signatures on the petition to have the election called.

Hutton pointed out that 3,388 persons cast ballots in (see OPTION, page 8)

Mrs. Ada Crager looks at the newly published edition of West Texas High School Football. The magazine went on sale this week at \$1.60 a copy on news stands in Canyon and Amarillo. Canyon High School Band will receive 75 cents for each copy sold in these two cities and their portion will be used to help pay the band's way to the Vienna International Band Festival.

Dean House FNB Officer

Dean House has been named vice president of Canyon First National Bank and was to have begun his duties in that capacity Wednesday.

This announcement was made early this week by Bill Adams, bank president.

At the same time Adams announced that Charles Boston, First National vice president, has resigned to fill a similar position with Texas State Bank in Austin.

Boston said the Austin bank is a \$40,000,000 institution. Boston has been with Canyon First National 3 1/2 years. Friday will be his final day on the job here.

Mrs. Boston is the former Nancy Root of Canyon. Both Boston and his wife are 1956 graduates of Canyon High School. They have three children, Emily, 6 years old, Amy, 8; and Becky, 10.

House was with West Texas State Bank of Canyon for 4 years before resigning as vice president there in May of this year.

Ricky Lyles Likes Bikes

BY MARGO CRABTREE

"At least I know where he is — in the garage working on that bike," is the lamented comment from a "motorcycle mother."

Mrs. Roy Lyles has not given her wholehearted support to the motorcycle racing of her son Ricky, but she does try to find the advantages of having a son who races almost weekly in area contests.

And Rick is doing well in the races. In fact, he has plans of becoming a professional racer in years to come. But first, he must win regularly at a local level.

Ricky, 15, is a Canyon High School sophomore and began racing only seven months ago. He began his riding career on a 90 cc. Kawasaki, which was a small street bike.

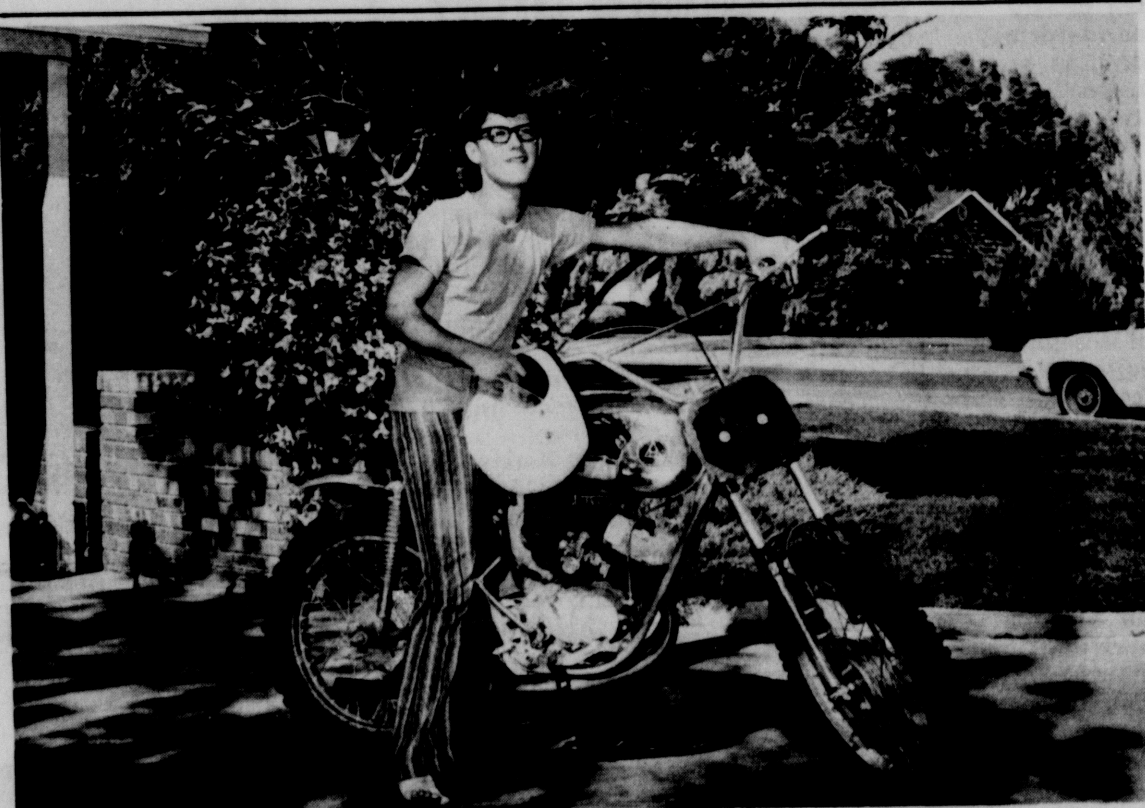

But he has advanced to a Hodaka Super Rat, 100 cc. and he races in Class A, which is for advanced racers.

"I haven't seen him race but once," his mother says. And you get the distinct feeling that may be the last time she darkens the trail route.

But not so for Rick.

"You have to have balance and guts," the young rider declares.

He was run over recently (see LYLES, page 8)

Ricky Lyles, son of Mr. and Mrs. Roy Lyles, shows off his motorcycle that has won him several first place trophies in the last six months as he competed in area bike races.

Lyles plans to continue riding in races and perhaps hit a professional level in future years.

In WTSU Budget

Top Brass Given Raises

West Texas State University's revised budget to be presented to the board of regents in September provides for substantial raises for administrative personnel including deans and vice presidents.

Salaries for these administrators range from \$24,624 to \$27,500 on a 12-month basis.

Salary for Dr. James P. Cornette, WTSU president, was set at \$26,500 — a raise of \$1,500 — as a line item in the appropriation bill.

The president's salary could be supplemented from private funds as is the case with heads of many state institutions of higher learning.

The budget provides for no increase in pay for faculty but Financial Vice President Virgil Henson said the increase of 6.38 percent to 22.22 percent raises provided for administrators was long past due.

He pointed out that some professors hired on a 12-month basis draw as much as \$22,080.

"When you pay professors \$22,000 and top administrators only \$22,500 the spread is not enough," Henson declared.

"We got an appropriation for the first time in several years to upgrade administrative salaries and not a penny for teacher raises," Henson went on.

Henson said he was faced with paring some \$240,000 off the operational budget of the school approved by the regents in May.

Administrative and general expense items were reduced by \$28,103.

Resident instruction was

reduced \$169,383. Henson explained that this was accomplished for the most part by not filling unfilled positions. Also a contingency fund of \$70,000 was eliminated.

Physical plant budget including maintenance and custodial costs was reduced by \$44,515. The reductions came to a total of \$242,000.

Henson had expected to have to reduce the budget by some \$284,000 but found that there had been a separate appropriation of \$49,103 for organized research.

He credited Senator Max Sherman with getting an appropriation of \$243,000 for renovation of the science building. Henson said this (see TOP, page 8)

Mechanics Course Scheduled At CHS

Canyon school board Tuesday night accepted a bid from a Pampa firm to relight the high school football field for \$6,400 and decided to begin a vocational class in auto mechanics this fall.

Bid for relighting the football field went to Electric Supply of Pampa owned by E. W. Southard.

Southard agreed to relight the field with 72 quartz lights of 1,500 watts which he said would provide about 20 foot candles on the field.

The bid also included a separate circuit so lights lighting the concession stand area could be used independently from the field lights.

School business manager

Bob Phillips said the nearest bid to Electric Supply was about \$2,000 higher.

The board sanctioned plans to begin a vocational class in auto mechanics this fall. Superintendent Jerry Jacobs said original plans had called for beginning the class in 1972 but that since a building is available and he thinks he will be able to hire a qualified teacher he sees no reason for delay.

Jacobs told the board the course already has received state approval.

He said cost including building rent at \$175 a month, \$300 for utilities and the \$500 above state schedule to be paid the instructor (see MECHANICS, page 8)

Eagle Band Selling Football Magazine

Canyon High School Band will share in the profits from sale of this year's edition of West Texas High School Football which went on sale in Canyon and Amarillo this week.

The magazine sells for \$1.60 a copy and 75 cents of that amount for those sold in Canyon and Amarillo goes to help pay the Canyon Band's way to the Vienna International Band Festival in July of next year.

Mrs. Ada Crager, band parents president, said the band has raised \$1,000 so far.

The magazine covers 150 area teams in all four classifications.

It was compiled by sports-writers from all over the

area and edited by Carlton Stowers, formerly of The Amarillo Globe-Times and current biographer of Randy Matson.

The magazine carries feature articles highlighting the super seniors from across the area, Coaches Jim Carlen of Tech, Gene Mayfield of WT, Darrell Royals' West Texas-oriented coaching staff, and the drama of recruiting a blue-chip school-boy player.

The colorful cover commemorates Brownwood's Gordon Wood as coach of the year. An exclusive interview with Coach Wood lends insight into the winning ways of the state's most successful (see EAGLE, page 8)

Faculty Special Program

Tower On Speaker List

U.S. Senator John Tower will kick off the 1971-72 Faculty Special Program series at West Texas State University Sept. 7, according to Fine Arts Department head Dr. John Green.

Tower, who is on the Armed Forces Committee, will discuss "National Defense."

The year-long speaker program will include Preservation Hall Jazz Band from New Orleans on Sept. 20. The band is the original group that helped found jazz in New Orleans.

On Oct. 18, Bennett Cerf, publisher, author, humorist and columnist, will present "An Evening with Bennett Cerf."

Edo Festival Music and Pantomime will appear on campus Oct. 25. The group is a touring Japanese troupe composed of musicians and dancers who perform the ancient Shinto sacred music and masked dances, both comic and serious.

Warsaw Quintet featuring a string and piano quintet will play an evening of chamber music Jan. 31, 1972.

The Association of Women Students will present Frederic Storaska on Feb. 15 on the "Prevention of Assaults on Women."

Storaska is an authority and lecturer, and will discuss the causes for attacks

Reading Program Extended

Canyon Library Board has extended the summer reading program to July 31, according to Mrs. Murphy White.

The program, which was to close July 17, is open to children six years old and above.

In order to receive a certificate, a youngster must read 12 books during the summer program.

A swimming party will highlight the end of the program during the first week of August, and certificates will be given at that time.

by Troy Martin FROM THE CANYON RIM

I went back to Hall County Sunday.

That's where I started to school and where I spent the early years of my life. Actually, I started to school at a little country school house called Wolf Flat.

There's a lot of people in Canyon who will know about Wolf Flat because a lot of Turkey people live in Canyon.

I proved one point to the kids. I've been telling them all these years that I walked 3 1/2 miles to school in all kinds of weather when I was 6 years old. They never took me seriously until Sunday.

I started at the house where my family lived then and drove to the school site, the building long since torn down, and they were impressed when the speedometer ticked off exactly 3 1/2 miles.

I remembered the song about Muskogee when I drove into Turkey for a Golden Wedding Anniversary re-

ception for the Elmer Cruses and the Joe Pinkertons — close friends of my family for most of their half century of marriage.

My 12-year-old son, Timothy, observed that most of the boys — like himself — had fresh haircuts. "They were chewing barber-shop chewing gum," he pointed out.

They were wearing cowboy boots and T-shirts or sports shirts tucked in. The land for the most part is poor and farming is not easy in that part of Hall County. But the people are wholesome and there won't be any X-rated movies at the Gem Theater on Turkey's main drag — in fact Turkey's only drag.

Folks at Turkey and Quitaque are proud of Gene Mayfield. He's one of their own, having been reared at Quitaque.

Turkey has sent most of its young men and women to West Texas State since it

was a normal school. I felt WT's influence early in life because most of my teachers at Turkey were West Texas grads.

I talked at length with Bob Lane who was a roommate of Dennis Walling here at West Texas during his college years. In fact they were in the service together.

Bob's cousin, Bert, roomed with Gene Mayfield. Mayfield gives Bert credit for bringing him to West Texas State.

It was hard for my wife to believe that I actually baby-sat with those two hulking Lane boys who are now South Plains farmers. Bert is at Plainview and Bob is at Lockney.

They are cousins and their granddad was one of the pioneers of that area. He was to some extent a contemporary of Charles Goodnight and went to the Turkey area while it was wild country.

A son, Boyd, still lives on the old home place.

Carl Gilmore an uncle of Mrs. Jack Taylor, was grade school principal at Turkey when I was a lad. He was a brother of Lee Gilmore who taught at West Texas State.

Some of the great athletes of West Texas State history came from Turkey. Probably the greatest was George Ray

Colvin, all-American basketball player of the 1930s who recently announced his retirement as Quitaque High School Principal.

Among the other Turkey boys to grace the WT roster were Deacon and Chat Johnson, Lawrence and Robert Clark — uncles of Bert Lane — and Conway Butler.

West Texas State's roots are deep in the soil of Turkey, Texas — a soil that has never been generous but a

Show Auditions Slated July 18

Auditions for "They Came From Spain" will be held July 18 in the Students Activities Center on the West Texas State University campus.

Eddie Thomas, director of the sound and light show scheduled for this fall, said the tryouts will begin at 1 p.m. and six males will be selected for the show.

Applicants will be screened around 4 p.m., and reading material will be provided during the auditions.

The show will run during the weekends in the fall in Pioneer Amphitheatre in Palo Duro Canyon State Park.

soil from which men among men have been fashioned.

Turkey sent her best to WT and she transformed them into doctors, lawyers and teachers.

As I snapped a picture of the little shack — which we had optimistically called a house — where my baby brother and sister were born I felt a fierce pride in those forbidding gullies and hillsides.

No, they don't burn their draft cards down at Turkey just like they don't burn the flag down at Muskogee.

When the nation calls she never shrinks.

She is her country's pride and sure salvation.

No wonder the men who have made American history come from such unlikely places as Bonham, Bug Tussle, Johnson City and Turkey.

Letter To The Editor

Mr. Troy Martin
Canyon, News
Dear Troy:

This is just a note to thank you for your very news-contaminated papers, both weekly and Sunday. Mrs. Hill and I read these publications with considerable interest. After having lived in Canyon more than a half century I am telling you we just love it. And that whole Panhandle country is dear to our hearts. These papers down here don't carry much news from that part of Texas. They seem to like to tell mostly about blizzards, sandstorms, cyclones, droughts, and misfortunes in general. You folks don't know what hot weather is. The thermometer has been pushing 100 here for a month or more.

I have just turned over to the Williams County Sun my manuscript on "Autobiographical Notes on the Life of Joseph Abner Hill." The editor promises delivery in a few weeks. I shall be proof-reading day after day till delivery. I hope to have the book on the market at some place in Canyon soon.

It is not worth the sale price, but I hope a lot of folks will buy it because I have put about 2 years of hard work on it and more money than I can well afford. The manager of this Home has already bought the first copy and ordered 6 more.

Best wishes from J. A. and Goldie Savage Hill to nearly everybody in Northwest Texas.

Students Draw Cartoons

A series of cartoons conceived by two West Texas State University students recently appeared in the Record, monthly publication of Kappa Delta Pi, national education honor society.

The cartoon ideas came from Kathy Hill of Midland, now Mrs. Jerry Cryer, and Barbara Mitchell of Roswell, N.M., now Mrs. David Woody.

The series is titled Pet Peeves: A Student's Point of View. The cartoons deal with such subjects as non-constructive discipline, brainwashing, talk-talk, humiliation, teacher aloof.

Dr. Ruth Lowes, professor of education at West Texas State, submitted the cartoon ideas to the April issue of Record.

Mrs. Woody is a graduate student at the university and Mrs. Cryer is on the secretarial staff of the Panhandle Education Service Organization (PESO) Education Center in Amarillo.

News Brief

Ernest R. Reeves of Canyon, third year law student at Texas Tech University, was named on the Dean's Honor List for the spring semester.

Law School Dean Richard B. Amantes announced that 58 students made grades of B or above to qualify for the honor. The list included 22 first year students, 18 second year students and 18 third year students. Law school enrollment totals more than 250.

Our World

BY ANN BROWN

A few weeks ago 9 churches in Canyon covenanted to meet together at the high school for a week of revival services. The majority of the members of those 9 churches, however, did not allow the revival to interfere with their business or pleasure as usual.

If the resident members of any one of the larger churches had attended, the auditorium could not have held them. Yet night after night there were rows of empty seats.

The majority of professing Christians seem to feel that going to church is a matter of choice, and that the choice they make is their own affair. But Christians do not just go to church; Christians ARE the Church.

What is so important about preaching?

God has chosen by the "foolishness" of preaching to save the believers (I Cor. 1:18-21).

According to the Bible, which is the acknowledged guidebook for all Christians, preaching the gospel of Christ is foolishness to them that perish but it is the power of God to the saved.

If Christians are not concerned about the salvation of souls and Godly living, who will be?

The avowed intention of modern social reformers is to eliminate poverty, war, and racial discrimination. Haven't the people of God always maintained a similar goal?

Camp Staff Gives FUMC Services

Summer staff of Ceta Canyon Methodist Camp will present the evening worship service at 7 p.m. Sunday at the First United Methodist Church.

Music, personal Christian witness and camp experiences will be shared with the congregation, according to Rev. J. Frank Peery.

Ice cream and watermelon will be served at 6:15 p.m. in the church Fellowship Hall preceding the services. Public is invited.

Summer staff members at the camp include Gail Leach, a McMurry College student; Gayla Smith, McMurry College student; Vijay Micheal, McMurry College student from New Delhi, India; Linda Norris, McMurry College student; Kay Sanders, McMurry College student who is working on her local preacher's license; David Swartz, Texas Tech student; Judy Laney, Texas Tech student; Becky Teel, Texas Tech student; Jo Carter, Texas Tech student; Ralph Waits, Hereford High School senior. Camp managers Mr. and Mrs. W. C. Teel and the maintenance managers Mr. and Mrs. C. V. Brown will accompany the group.

What is the best way to achieve said goal?

The only way to eliminate poverty is for people to be productive. To be productive, one must work. Paul gave the solution to poverty in II Thess. 3:10-12.

The only cure for war and discrimination is love. And God is love.

Jesus came to earth to illustrate the love of God. And He said, "I, if I be lifted up from the earth will draw all men unto me."

Who ever saw a faithful, dedicated, zealous Christian who was lazy and shiftless, or calloused toward his neighbors?

If Christ is the remedy for the miseries of the world, shouldn't the gospel of Christ be promoted by every means possible?

If this is God's world, the promotion of His kingdom is the most important work on earth. The commission to evangelize all men was given to Christ's followers.

Have they forgotten that He said one soul was of more value than all the treasures in the world (Mark 8:36)?

War, pestilence, and famine have always been instruments used of God to chastise His people for disobedience (Jer. 24:10). If man obeyed the laws of God, wouldn't these scourges be automatically eliminated?

How could two nations — or men — living in obedience

to God go to war against each other?

Is there any question that the good earth could provide an abundance of food and shelter for all men if they were willing to share the work and the opportunities instead of wasting their substance fighting each other?

There are several ways to teach the laws of God, but all of them are useless without examples. Man cannot serve God acceptably unless he is willing to give Him first place in his life (Matt. 6:33).

There are Christian parents who never miss their youngsters' Little League contests, football games, or the bridge club; but they attend church services only when and if it is convenient. Such parents may give their children a sense of values that could result in their eternal destruction.

We are seldom victims of our circumstances; we are usually victims of our choices. If all men were to choose obedience to God, there would be no more poverty, war, crime, or hatred — racial or otherwise.

And that is exactly the function of the Church: to teach men to live in obedience to God so they can be happy and productive, and dwell in peace and harmony. Can we then ignore the church with impunity?

"BELLY BUTTON" OR UMBILICAL HERNIA

Navel, or belly button hernia, is not unusual in babies and usually it corrects itself in a few months to a year. It is the only kind of hernia which can be self-correcting. The Doctor sometimes just tapes a coin, or a similar flat object over the hernia.

In grandmother's time, every baby usually wore a belly band for this purpose, but now medical opinion has discarded this therapy as having little value. Infrequently, surgery may be required for a navel hernia but the operation is simple. Your physician will tell you if one is necessary.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Scouts Receive Honors At Don Harrington

Marvin Fite, scoutmaster, and Cliff Prichard, junior assistant scoutmaster, accompanied 15 members of Troop 197 to Don Harrington for activities June 27-July 3.

The group was the largest present during the session and earned a total of 35 merit badges. Kevin LaGrone, Roy Luna and Kent Smith received recognition for the mile-and-a-half swim.

The Colonel Goodnight Award was presented to Troop 197 for completing more than 800 of 1,000 possible points. Points were earned for 90 per cent of troop advancing in rank, earning more than required number of merit badges, winning the Camp Inspection Banner and Safe Swim Achievement.

The Troop was commended for patrol spirit, good conduct and participation in all camp activities.

Approximately 60 persons attended a family picnic Friday night, followed by the Order of the Arrow ceremony around the campfire. Tapped for the Order of the Arrow from Troop 197 were Paul and Ross Griffin and Stan Prichard.

Boys attending were David Fite, Matt, Paul and Ross Griffin, David and Delbert Hanna, Carter Harvey, Kevin LaGrone, Cruz, Richard and Roy Luna, David McKay, Stan Prichard and Collin Weaver.

Fourth of July was celebrated in royal fashion Monday in and around Canyon.

Some 3,000 persons flooded Conner Park and another estimated 1,000 lined surrounding lawns to watch a spectacular fireworks display and enjoy free watermelon and a Canyon Community Band concert.

Eddie Knowles, president of the Chamber of Commerce, said the turnout was the largest ever in Canyon.

"It shows that the people of Canyon want to come out for community activities, and they want to stay in Canyon," Knowles declared.

Picnicers went through 150 watermelons as they listened to the community band directed by Guy Garner and watched a fireworks display managed by H. R. Fulton, Jr.

The afternoon began at 5:30 p.m. with the girls all-star softball game, and patriotic speeches and the singing of the National Anthem followed.

Palo Duro Canyon State Park Superintendent Elon Baker said 2279 cars went through the gate park during the three day holiday.

An average of 116 camping permits were issued each day, and Saturday night some campers had to be turned back because the camping hookups were all taken.

"This is more cars than we had last year," Baker said as he noted only 2,012 cars entered the park during the same time last year.

And he reported no injuries were reported. "We had no broken legs and no emergencies," he noted.

DEEP CUT-SALE PRICES ON FAMOUS MAKE BRANDS

A Sale with a Reason . . . and Not Just an Excuse . . .

IT'S A BITTER PILL TO SWALLOW! But Here's the Low-Down. It nearly breaks our hearts to see our stocks of Quality Merchandise GO ON SALE at the ridiculously low prices you see advertised here! . . . But there's not much we can do about it for we have a serious inventory problem. WE'RE OVERSTOCKED with far too much merchandise for a store our size. We're NOT having financial difficulties—NOT TRYING TO RAISE cash—NOR are we in distress. We simply must dump Surplus Stocks at any cost to adjust our inventory. We have altogether too much of everything with a serious overstocked condition that is not healthy for any business. We're an aggressive firm, maintaining an enviable reputation and selling only the top brand name lines. But—like all well-rated firms there comes a time when mistakes occur and adjustments are in order. That's why profit is not the object of this sale. DUMPING STOCKS—REDUCING INVENTORY and stimulating business is OUR ONLY REASON for this sudden and drastic move. We consider it good business to take our losses now—swallow our pride and admit our mistakes. Nothing wrong in that—is there? That's why we have ripped, cut and slashed prices in every department—why you can save 20%, 30%—yes, even 50%. So—come shed a tear with us while we bury our mistakes and take our losses.

Upward Bound Students To WTSU Sunday

Upward Bound summer session will begin Sunday on the West Texas State University campus, according to director Roger Scott.

Some 50 youngsters from the Panhandle area will participate in the six-weeks session.

Scott said the program, designed to motivate youngsters in high school to acquire higher educations, will allow students to experience what it is like to be on a college campus.

High school juniors and seniors will attend the session and will be placed together in dorms along with college students as tutors and counselors.

Students who were seniors last year will attend summer school as regular freshmen, and will not live with the high school students during the summer school.

B.O. Jacobsen Services Held

Funeral services for Berry Orr Jacobsen, 55, were conducted at 4 p.m. Wednesday in the South West Amarillo Church of Christ with Rev. John McCourt officiating.

Burial followed in West Park Cemetery in Hereford under the direction of LaGrone Funeral Chapel.

Pallbearers were George Heard, Guy Sackett, Jerry Burling, Moon Ott, T. J. Carter and Don McRoberts.

Mr. Jacobsen was dead on arrival at Neblett Memorial Hospital Monday at 4:10 p.m. He resided at 3715 Lynette Dr. in Amarillo.

He was born Oct. 21, 1915 in Hereford, and married Glenna Young in Amarillo Oct. 2, 1964. He moved to Amarillo from Hereford 15 years ago.

Mr. Jacobsen was a design engineer at Pantex for 15 years. He was a member of South West Church of Christ in Amarillo, and he received his B.S. and M.E. degrees from Texas Tech University. He was a member of the Tau Beta Pi honorary society, and was a member of the Texas Society of Professional Engineers.

Survivors include his wife Glenna of the home; one son, Lee of the home; two daughters, Jan of the home and Mrs. Jorene Meador of Pampa; his mother, Vida O. Jacobsen of Hereford and one brother Chris Jacobsen of Hereford.

Lutheran VBS Begins Monday

"Talking With God" will be theme of Vacation Bible School for St. Paul Lutheran Church beginning Monday.

Children from ages 4-14 may attend the church school which will continue through next July 21. Sessions will begin at 8:30 each day. The church is located at 2600 4th Ave.

Instructing the sessions will be Mrs. David Melber, nursery; Mrs. Pete Peterson, primary; Mrs. Glen Tuck, juniors; and Mrs. Alvin Kuhlman, junior high.

Doctoral Dissertation

Foreman On Lady Bird

AUSTIN, Texas — During the campaign of 1964, President Lyndon B. Johnson was quoted as saying of his wife:

"I don't need Madison Avenue, I've got Bird."

Just how Mrs. Johnson used opportunities available to the First Lady to extend the public relations efforts and public opinion leadership of her husband's administration is the subject of a new doctoral dissertation at The University of Texas.

The 314-page work, "The First Lady as a Leader of Public Opinion: A Study of the Role and Press Relations of Lady Bird Johnson," was written by Mrs. Norma Holly Foreman of Austin, who is director of publications for the Coordinating Board, Texas College and University System.

Mrs. Foreman was a journalism instructor at West Texas State University before going to Austin to work toward her doctorate.

She spent a week traveling with Mrs. Johnson in Texas, then another week observing the staff of Liz Carpenter, Mrs. Johnson's press secretary, and her staff at work in Washington.

She was at the luncheon of "Women Doers," when Eartha Kitt made headlines by "exploding" at Mrs. Johnson. She interviewed many members of the Washington press corps who covered Mrs. Johnson and Mrs. Kennedy.

Mrs. Foreman's Ph.D. degree was awarded at UT's spring commencement. Her supervising professor was Dr. DeWitt C. Reddick, journalism professor and former dean of the School of Communication.

According to Mrs. Foreman, the major focus of her study was on "the interaction between Mrs. Johnson and the media and on the techniques of her leadership of public opinion."

However, the new study also includes an historical glance at how former First Ladies have dealt with the press, with special attention to Mrs. Eleanor Roosevelt, Mrs. Bess Truman, Mrs. Mamie Eisenhower and Mrs. Jacqueline Kennedy.

In addition, Mrs. Foreman gives a fascinating behind-the-scenes picture of how Mrs. Johnson's press office, under the imaginative direction of Liz Carpenter, operated on a day-to-day basis.

Mrs. Johnson, who earned Bachelor of Arts and Bachelor of Journalism degrees from UT Austin, which also awarded her a Doctor of Letters degree, is characterized as possessing "a large degree of intuitive and academic knowledge about the process of public opinion formation."

"Recognizing that news is defined more in terms of events rather than ideas," Mrs. Foreman points out, "the First Lady and her staff staged events which conceptualized ideas they wished to communicate. Evidence is conclusive that the reporters recognized that the events were contrived, but they tended to respect rather than resent the First Lady's efforts to generate news."

On whistle-stop campaign tours, at luncheons for "women doers" and on trips to the nation's natural beauty sites, Mrs. Johnson "extended reporters' personal hospitality and recognized their professional needs in such ways as giving them quotes in time for copy filing deadlines, opportunities for interviews and advance copies of speech texts."

"This personal and professional recognition won the First Lady the personal respect of the reporters and probably exerted an influence on their coverage of her activities," Mrs. Foreman says.

Measures of Mrs. Johnson's effectiveness, says Mrs. Foreman, can be seen in the quantity and favorable nature of the mail she received her high ratings on public opinion polls, national legislation enacted which had received her support, instigation of public beautification programs, and by opinions expressed "supporting both her efforts and her techniques by representatives of the news media, and by public, political and private individuals."

Mrs. Foreman says that "the role taken by Eleanor Roosevelt as First Lady strongly influenced Mrs. Johnson," who was an outspoken admirer of Mrs. FDR.

"They used many of the same techniques in their leadership of public opinion and relations with the press," the author writes, noting their accessibility to reporters, trips to government projects, use of mass media and public speeches.

"However, they utilized those techniques with one important difference," she observes. "Mrs. Johnson never took stands contrary to those of the President nor introduced ideas differing from him. Her actions and words were always an underscore, never a counterforce to the President."

Mrs. Foreman reports that during Mrs. Johnson's five years in the White House, the First Lady traveled more than 200,000 miles at home and abroad; took 40 trips as

a public figure to 48 states and 125 cities; made more than 250 speeches; received visiting heads of state from 117 nations; arranged White House weddings for her two daughters, and set a new record for number of individuals entertained in the White House.

Sheriff's Posse Places In Parade

Randall County Sheriff's Posse seniors and juniors took first and third places, respectively, in the Honor America Parade Saturday in Amarillo.

Terry Jo Reynolds, Randall County Sheriff's Posse queen, was runner-up in the queen's contest.

Canyon Chamber of Commerce requested that the Randall County Sheriff's Posse carry Texas flags in the parade, said Mrs. A. P. Sanford.

Following the parade the Posse was in the grand entry and attended the rodeo.

the 1968 general election. Hutton said Justice Precinct 1 takes in most of the south two thirds of the county and Precinct 4 encompasses most of the remainder of the county.

Boundaries of Precinct 1 run east from Deaf Smith County line along McCormick Road to Washington Street, south down Washington Canyon and thence along the center of the canyon to the Armstrong County line.

If the election were to carry in both Precincts 1 and 4 only two small portions of the county would remain dry. These would be dormant JP Precincts 2 and 3 lying in the southeast and northwest corners of the county respectively.

Mrs. Meehan said some 150 workers are poised to begin circulating a petition to call a wet and dry election in JP Precinct 4 as soon as the results are in on a similar election being held today in Potter County Precinct 1.

The Precinct 4 petition must have 2,918 signatures in order for an election to be called.

Chamber board members agreed to spend some \$5,000 on Christmas decorations for Canyon, purchasing 100 candy canes and two large "Merry Christmas" signs.

Knowles praised Cary Magness for the work he did on the annual July Fourth celebration Monday.

"It was the best crowd we have ever had turn out for anything in Canyon," Knowles exclaimed.

Magness was chairman of the celebration.

when he fell from the bike on the first leg of the race and some 10 other bikes ran over him.

But that is the reason for "leathers and a helmet". Leathers are a uniform in leather designed to protect motorcycle riders if they fall or are hit. And of course, the helmet saves many head bumps.

"Motorcycling is becoming a well-accepted sport," Rick says. And his mother recalls thinking only "thugs" rode motorcycles.

"But we went to Red River this weekend and everyone — grandmothers, old men, young kids — were on motorbikes," she remembers.

A bike trail race will include jumps, water hazards, mud holes, sand traps, and some of the tracks are straight, some circles and some with no set pattern. But they are all dangerous and exciting.

But Mrs. Lyles comforts herself as she glances toward the garage and finds her son busily working on the bike.

"We race 15 laps each race," Rick explains, "and when we are through, we have to practically overhaul the entire cycle."

Rick notes that his present bike is not a street bike because he has used a reed valve set up in place of the regular manifold.

"That makes it hotter," he declares.

Summer is not the most active racing time, according to young Lyles.

"When you race in the summer, your cycle gets hotter and it is hard on it," he notes. "But in the winter it is not so hot and you can race more often."

Lyles will take a break in his racing schedule later this month to attend the World Boy Scout Jamboree in Japan. Four Canyon boys leave July 27 to attend the 13th annual Jamboree.

In addition to his scout activities, Lyles is a member of the Future Farmers of America, he plays football and he is a member of the First Baptist Church of Canyon.

"I don't think you can go wrong teaching young people how to work with their hands," Board Member Ed Wieck commented. "I think it is a good idea if we can afford it."

Jacobs said the cost could be worked into the school budget although it might mean dipping into some school surplus the first year.

Board members discussed the method used by the Fort Worth School System in evaluating the superintendent and decided to employ some similar method here.

Members of the board visited a trailer house driver education class room provided by Panhandle Educational Services Organization. B. B. Kendrick, instructor, explained the use of the facility and said some of the first new methods in driver education since its beginning in 1936 are beginning to come into use.

Kendrick emphasized the need for better teaching methods pointing out that there were 56,000 traffic fatalities in the nation last year and that accidents cost about \$3 billion.

League President Suffers Injuries

BY JERRY MONTGOMERY

Bill Cooper, president of the Babe Ruth League, is a baseball casualty — and he isn't even on the team.

Cooper has been shuffling around with first a cane and then crutches with a swollen foot and bruised shin, injuries received when he and his son were playing catch and the ball dodged his glove.

Fortunately for him, the season is nearly over. It began in March for him when he started lining up umpires. Practice and games were scheduled for Friday and Saturday during the remainder of the school year, but were changed to weekdays when school was out. The season has been extended beyond the original date due to rainouts.

This is Cooper's first year as president of the League. He works with other members of the executive committee, Eddie Holcomb, secretary, and Francis Shell, treasurer. Orville Hicks is equipment — player manager.

The group is responsible for raising money and organizing the teams. Cooper also spent quite a bit of time helping George Stevens find umpires, he said. Cooper has never coached a team but was "assistant to the assistant coach on a Little League team," he laughed. He helped with the Little League for five years.

Dr. Dudley Moore who had been president for several years asked Cooper if he would like the job this year. "And I do enjoy working with the boys," Cooper said. He has only missed one or two games.

The games have kept him running. Fortunately, however, he doesn't begin teach-

ing again at the college until the second summer session so the baseball season will have been completed by that time, with the exception of possible district and state all-star games.

The 13-year-olds tournament is scheduled for Monday in Stinnett. It is a double elimination tournament with the final round in Spearman. A team can lose one game and still win the tournament Cooper said.

"This tournament is set up for the interest of the 13-year-old boys to give them something to look forward to," he added.

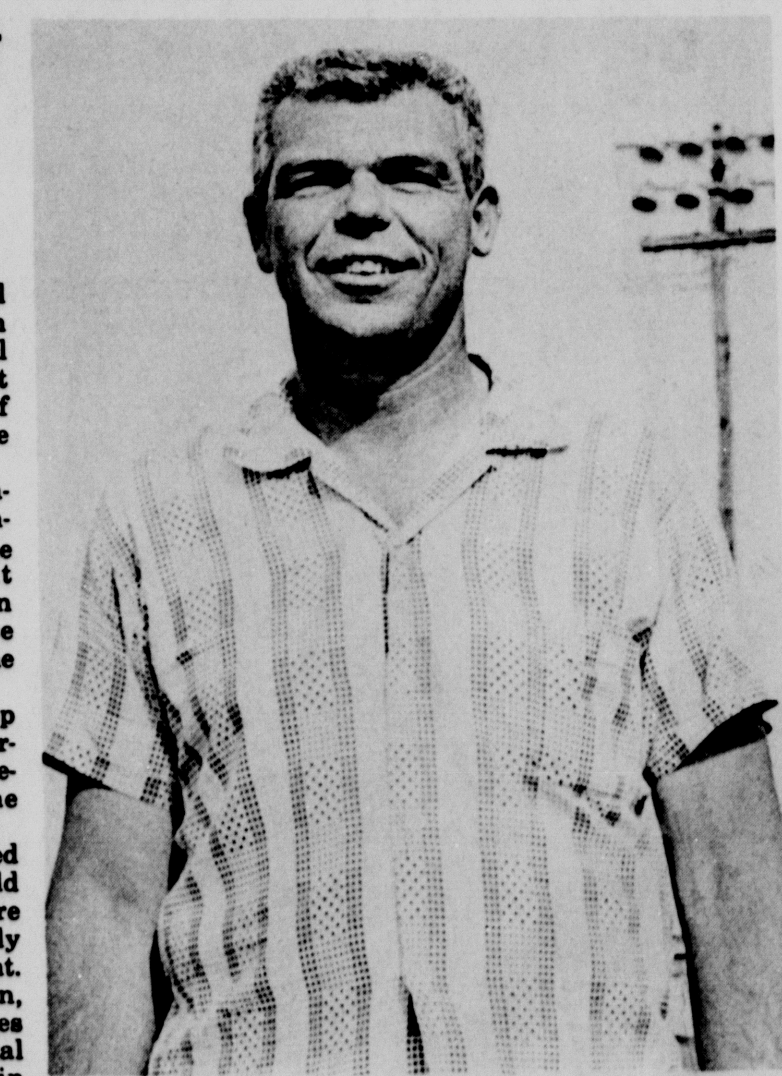

A district game is planned July 19 in Pampa. Should the Canyon team win there they will go to Dumas July 26 for the state tournament. From there, should they win, there are different games right up to the international tournament in September in Albuquerque.

Cooper expressed appreciation for the sponsors of the four Canyon teams and the one in Amarillo. Sponsoring the teams this year have been LaGrone's Funeral Home, The Canyon News, Shell's Pharmacy, the First National Bank and the Hosea Foster Agency. Donations were also received from the Lion's Club, Kiwanis and Rotary Clubs.

"We also appreciate the cooperation of the city parks and recreation department," Cooper added.

The Babe Ruth League will have two new sponsors next year, Cooper added. They will be Cooper's Market and West Texas State Bank.

The season will be ended with equipment and uniform inventory. Cooper will then return to a busy schedule at the university.

Second 'Job' Keeps Pruett Busy

BY JERRY MONTGOMERY

Being a business man and president of Canyon Little League can keep a guy pretty busy — at least for about four months of the year.

Richard Pruett, owner of the Village Drive-In, has been working since March as coordinator of the entire Little League program. As such he is in charge of making up schedules for the little league games, helping to keep score and in general, "seeing that things run smoothly," Pruett added.

This is Pruett's first year as president of the Little League. Other members of the board of directors are Sturdy Wanamaker, vice president; Bill Gardner, secretary-treasurer; Weyman Brown, equipment manager; Eddie Holcomb, player agent; Phil Langen, coach representative; and Benny Cooper, past president.

Pruett attended a district meeting in Pampa three weeks ago where delegates decided the location of the area and district tournaments and went over the all-star rules for tournament play.

Area, district and state competition will be July 20, July 26 and Aug. 10 in Dimmitt, Pampa and Waco, respectively.

Another job turned over to Pruett was the responsibility of getting birth certificates to the district manager for certification for tournament play. He must also wor-

ry with selling ads for the fence signs at the ball field.

Pruett's season began early in March when he began working on this summer's schedules. He made a few changes so that the teams would play only on week-days and would be through by July 4. Then his schedule required that he attend most of the games for all the Little League teams. Of all the games each week, Pruett said he just missed one.

A two-day draft session is held at the beginning of the season at which time the 10, 11 and 12-year-olds that are not already on teams are placed.

The Board of Directors selects coaches for the major league teams. Pruett was responsible for lining up minor league coaches.

And when the games are over, Pruett will still have the task of equipment inventory and repair. "We want to order all the new equipment we'll need for next summer," so we'll have a better idea of what we'll have," Pruett said.

"I haven't had many irate

parent calls," Pruett said. "Our main problem has been getting umpires." Several umpires have been furnished through the work study program at West Texas State University, he added. "That's been about halfway successful."

Pruett emphasized that he couldn't have done the job alone, however. He complimented the merchants on their participation. Fifty-two signs were sold for \$25 each.

Money for the program also was donated by the Rotary, Lion's and Kiwanis Clubs (\$200 each) and Canyon and University Study Clubs (\$50 each), as well as parent donations. Money is also collected from the concession stand run by Calvin Davis and from the yearly candy sale, directed by Benny Cooper, with proceeds being split with Babe Ruth League. "I really appreciate the help I received from Betty Vaughn, Mary Ann Berry,

Lowell Weaver and Berdine Byers who did a lot to help with registration of the boys, and printing the schedules," Pruett said. "And I'd like to thank George Ritter, A. J. Luquette and Benny Cooper."

"We are especially appreciative of George Ritter who keeps up the ball park and fixes the signs on the fences, as well as marking off boundaries," Pruett said.

Pruett has a son, Ty, who plays on the Dodgers team.

Umbarger News

BY SUSAN DOLLE

People from far and near gathered Sunday, July 4 in Umbarger to attend a reunion held for all former students of Umbarger High School. The event got underway with a pot luck dinner served at noon to approximately 500 people. Guests of honor included Sister M. Dymna, Sister Ignatius, and Sister Martina, all former teachers in the Umbarger School system.

Out of state guests included Mrs. Betty Hughes of Phoenix, Ariz., Mrs. Cecilia Dye, Pe-ton, Colo.; Mrs. Pauline Farmer, Los Alamos, New Mexico; Mrs. Henrietta Bednorz, Tularosa, New Mex., and Billy Vorwald, who came the longest distance. Mr. Vorwald resides in Wisconsin. Out of town guests included Mr. and Mrs. Tom Gerber, Mr. and Mrs. Willie Artho, Mr. and Mrs. Oscar Prizales, and Mr. and Mrs. Melvin Prizales, all of Dahlart; and Don Hales, Amarillo.

Also, Mrs. Marcella Woehl, San Angelo; Mr. and Mrs. Jerome Friemel, Hereford; Mr. and Mrs. Roman Friemel, Hereford; Mrs. John Brorman, Adrian; Mrs. Anne Robertson, Amarillo; Mr. and Mrs. Jim Wiecek, Hartley; and Mrs. Dianne Stork, Sunray.

The afternoon was filled with much reminiscing. Conversations concentrated on the past at Umbarger High School as close friendships, parted by the present, were once again revived. One could hear much about "remember when" such as was the case when Henrietta Bednorz recalled that she had been the only person in her class of 1944, the very first graduation class at Umbarger.

Children of former students who now attend larger city schools met for the first time the teachers and friends who played a large part in their parents' lives. They also saw the small school complex and hear again many stories of the "good ole days."

Sadness was the mood as former students walked the schools grounds, knowing

that school memories will never again originate there. Most, however, know that progress cannot be stopped, but their memories of the small rural school will never die.

Mr. and Mrs. Joe Artho of Hereford worked closely with the Jim Skarkes, the Willie Wiecek, and the Raymond Batenhorsts in arranging a very successful and memorable day at Umbarger. Plans were discussed of the possibility of having such a reunion every 5 years.

Many thanks to Mrs. Marion Hicks for writing the column this week. She kept her eyes and ears open during the reunion to record the happy events, while this writer and family were attending a reunion in Littlefield.

Mr. and Mrs. Hicks farm northeast of Umbarger. Susie, as her sons Douglas and Daniel refer to her, cooperates in many ways in her community. She served as vice-president of the Parish Council, teacher for the CCD, and public relations chairman for the Diocesan Council of Catholic Women. She serves as a reminder that if you want a job done, ask a busy person to do it.

Since their return from Guam, Mr. and Mrs. Tom Hesse are in Umbarger visiting with her parents, Mr. and Mrs. John Wiecek for several weeks. They will make their home in Austin later this summer.

Mr. and Mrs. Conrad Westhoff left Tuesday for a four-week visit in Germany. They and the Henry Brormans of Hereford were met at the airport by a busload of well-wishers from Westfalen who will escort them to their former homes in Germany.

Congratulations to two new sets of parents. Mr. and Mrs. Joe Fischbacher announce the birth of their third daughter, Teresa Dean, who was born July 5. She weighed 9 lbs., 3 oz. Her other sisters are Valerie and Bobby.

Mr. and Mrs. Darroll Adams are also proud of a baby girl, Donna Elaine who weighed 8 lbs., 9 oz. Born July 6, she is the fifth child. Her brothers and sister are Troy, Joletta, Darron and Billy.

Members of Kiwanis Club girls' softball team 1 are, front row left to right, Debra Nash, Gina Luquette, Amy Winningham, Nancy Walling, Sabrina Dunn and Vanessa Cotton. On the back row are coach George Blackwell, assistant coach Lynn Davis, Sue Nitengale, Kathy Rose, Kim Yarbrough, Louise Davis and Beverly Cheyne.

Amarillo Club Takes Trophy In Holiday Swim Meet Here

Amarillo Aquatic Club won the first place team trophy with 1,189 points at the holiday swim meet Friday through Sunday at the West Texas State University Activities Center.

Second place team trophy went to Coronado Aquatic Club of Albuquerque, N.M., with 906 points. Lubbock Swim Club won third place with 378 points.

Individual high-point trophies were awarded Melony Daniels of Lubbock Swim Club, open girls division; Richard Hess of Amarillo Aquatic Club, open boys division; Sherry Page of Ama-

rillo Aquatic Club, 13-14-year-old girls; Kevin Murphy of Sooner Swim Club of Norman, Okla., 13-14 year-old boys; Mary Goddard of Coronado Aquatic Club, 11-12-year-old girls; and Branch Archer and Ted Brown, both of Amarillo Aquatics, tying for first in 11-12 year-old boys.

Katherine Daniels of Los Alamos, N.M., and David Dean of Amarillo Aquatics won first place in 10-and-under girls and 10-and-under boys divisions, respectively.

Dean is the son of Judge Don Dean of Canyon.

One hundred swimmers representing 13 swim clubs from Oklahoma, New Mexico, California and the West Texas area were present at the meet, said Mrs. Don Dean.

Mrs. A. L. Triplett and her son Don spent the Fourth of July holidays visiting her father, Roy Wreath, in Mutual, Okla. They returned Sunday night.

Mr. and Mrs. Bill Triplett went to Cimmaron, N.M., over the weekend.

Richard Triplett spent the weekend visiting his brother and family, the Charles Triplets of Hale Center.

Congratulations Girls. . .

Team 2 of Kiwanis Club girls softball consists of, front row left to right, Lori Slack, Tammy Blewett, Cyndy Hair, Patty Guy, Dorinda Hamblen and Denise Hamblen, and on the back row, coach Guy Hamblen, Kelly Wright, Suzie Wright, Brenda Brooks, Maureen Gidden, and Randy Williams, assistant coach.

Drought Continues

Randall County Agent John Brazzil painted a "dismal" picture this week for crops and pasture land as the drought continued to scorch the area.

"We thought we might recover some in June," Brazzil

John Dietz Recognized For Service

John H. Dietz, operator of the John Dietz Chevron Service Station in Canyon, was presented a special award this week for exceptional customer service.

Dietz, who has operated the station at 208 23rd Street since November of 1970, received a plaque bearing two rare silver dollars, two Kennedy half-dollars, and a specially minted commemorative coin set in an automotive engine design from the Gates Rubber Company.

Dietz explained that a "Gates Mystery Car" travels the U.S. visiting all service stations, checking to see if station attendants will check and find faulty fan belts.

The station operator has lived in Canyon since June of 1970 but has been a resident of Randall County since 1931. He and his wife Betty have three grown children.

said, "but we missed out on any moisture in June."

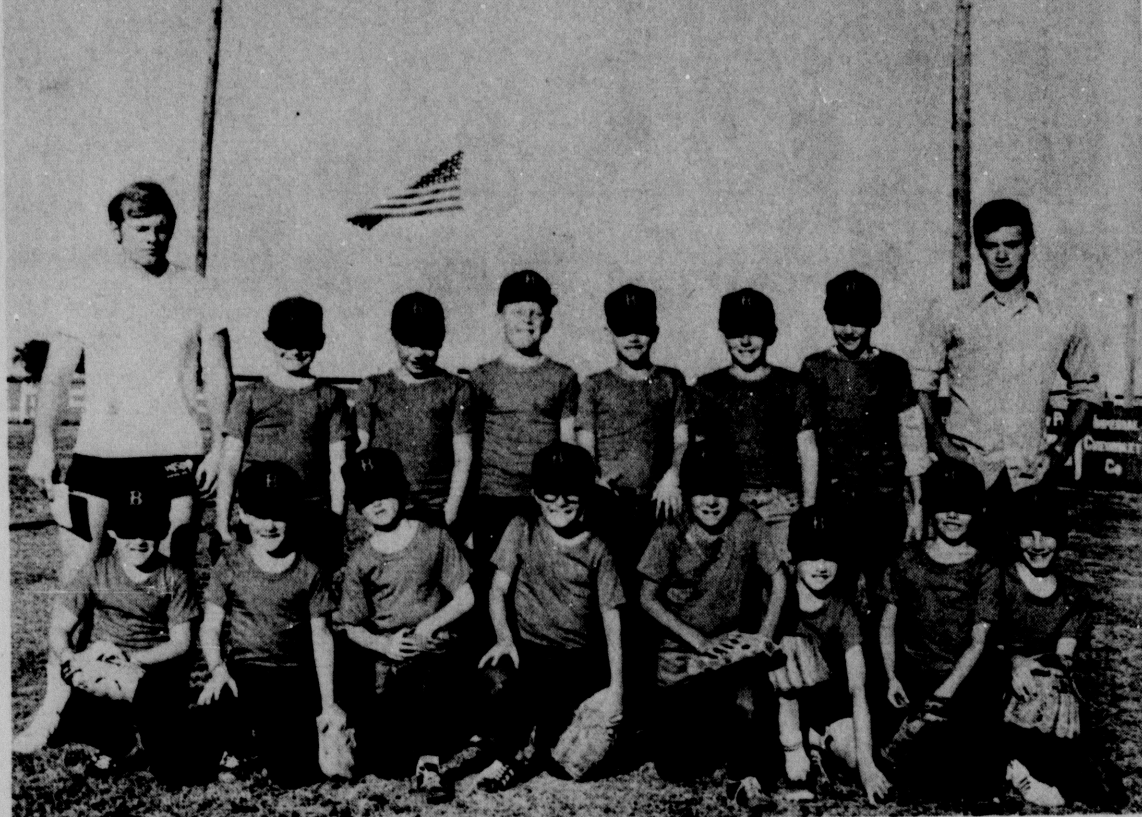

He said farmers are trying to be optimistic about range-land this fall, but land has not recovered from the droughts that have plagued Randall County the past several years. "We have not recovered from past years of drought, and with no moisture now, we may have a difficult time," Brazzil explained.

He pointed out that if farmers are able to plant during July enough feed may come up for winter.

"We have no hay reserve and we have no prospect of having a good crop," he continued. "But we still have time for some roughage."

He noted the season has passed for planting grain sorghum, and he feared crops would be marginal.

"We need rain terribly bad, and if we get enough it will help our situation very much," he encouraged.

Members of the Red Sox team are, front row left to right, Kevin Weber, Scott Weber, Craig Denny, Chris Woods, Richard Comer, Barry Chumley, Fred Lerman and Brent Hutchens. JOHN DIETZ

Mother Of Area Woman Dies July 1

The mother of Mrs. Louise Baker of Canyon died last week in San Marcos in Hays Memorial Hospital.

Mrs. Zelda Estalene French, 62, died July 1 after an extended illness.

She was born Oct. 4, 1908 in Johnson County, Oklahoma. She married Alfred Bryan French Dec. 29, 1925, in Crowell. She was a housewife and a member of the Church of Christ.

She had been a resident of San Marcos for 21 years.

Funeral services were conducted at 2 p.m. Saturday in Weatherford Chapel and she was buried in San Marcos City Cemetery with Rev. Leathel Roberts officiating. Funeral arrangements were made by the Weatherford Funeral Home in San Marcos.

Survivors include her husband Alfred Bryan French of San Marcos; four daughters Mrs. Rita Williamson of Austin, Mrs. Jeanne Myrick of Irving, Mrs. Louise Baker of Canyon, and Mrs. Frances Zerr of San Marcos; one son Del French of San Angelo; two sisters, Mrs. Mattie Lou Warren of Hart, and Mrs. Lyna Mae Cruze of Yucaipa, Calif.; three brothers Dolph Hopkins of Escondido, Calif., L.D. Hopkins of San Bernardino, Calif., and Clark Hopkins of Mountainburg, Ark.; 15 grandchildren and two great-grandchildren.

Warrens Has Sale

Warren's Dry Goods Store will begin a two-week sale Friday, with more than \$700 of prizes to be awarded at the close of the sale, said W. A. Warren, owner.

The clean-up sale will end July 24. First prize will be a portable color television set. Second prize will be a 12-diamond ladies wrist watch. Eight other prizes will be awarded.
